

Bug Hopping:

Now that it is nice out, sidewalk chalk can be so much fun for different activities! For bug hopping, go outside and draw lots of shapes with your chalk - hearts, circles, squares, ovals, etc. Then, add legs, antennae, and faces. Then, yell out a shape for everyone to hop to! You could also see how far everyone could jump, or if they could make it to the next bug with just one jump!
